Beechhurst, NY 11357

Dear Diana,

Thank you so very much for your wonderful training of our miniature and toy poodles, CoCo and Peanut. They are so well-behaved, obedient, and calm and we owe it all to you. Because of the excellent training you provided, we are able to spend more time enjoying our dogs then disciplining them. Not only did you train our puppies, but it did it with such genuine concern and caring. We believe that this had a huge impact on our puppies developing their sweet dispositions.

The training didn't end with the dogs. You also offered us practical advice on how to handle just about any situation that might arise. We believe that a well-trained pet is a happy pet and this leads to a happy family. Thank for helping us enjoy our dogs!
